

Watertight Retro-Fit Sump Lids

The Watertight Retro-Fit Sump Lid works with fiberglass or poly sumps. Once installed it is a water tight, removable lid.

FEATURES & BENEFITS

- Fiberglass framed cover comes complete with gasket and a screw on lid
- The removable water tight lid allows for visual inspection and easy access into the sump
- The universal mounting ring permanently bonds to either fiberglass or poly sumps
- Fits almost all collar sizes
- Can be customized for larger sumps
- Forms a reliable long-term water tight seal
- No bolts or loose parts
- Total Height 7 ¼"
